

ENLARGE PROGRAM OF NAVAL MEASURE

Republicans Wage Successful Fight to Have More Submarines.

HOUSE ADOPTS BILL

Democrats Defeat Proposal to Construct Six Cruisers Instead of Five.

WASHINGTON, May 31.—Determined Republicans' efforts to enlarge the building program of the naval appropriation bill as reported from the naval committee resulted Tuesday in the adoption by the house sitting as a committee of the whole of an amendment increasing the number of submarines from twenty to fifty. Proposals to provide for six battle cruisers instead of five and to add two dreadnaughts and two scout cruisers to the program were defeated after a lively fight.

In order to finish consideration of the bill by the time fixed, 4 o'clock Friday afternoon, the house had a three-hour session today instead of recessing over Memorial day as usual. So decisive were the votes against additional battle and scout cruisers that the bigger navy advocates virtually have decided to abandon the fight for them, but they still hope to get the two battleships. Another attempt will be made on Friday.

Lost Proposal.
The battleship proposal was lost by the narrow margin of 16 votes, 130 opposing and 114 favoring. Fourteen Democrats voted for the amendment and eight Republicans opposed it. Democrats supporting it included Lazaro and Dupre, Louisiana.

The vote on increasing the submarines was 114 to 104, 17 Democrats voting for it and no Republicans opposing. The additional defense boats would be of the coast defense type, 17 of which already were provided by the bill. Many members who have been urging that it would be better to expend money on submarines than on battleships rallied to the support of the amendment after voting against the battleship proposal.

A vote of 109 to 83 defeated the proposal to construct six battle cruisers instead of five and the viva voce vote against the proposal to increase the number of scout cruisers from four to six was so overwhelming that a roll call was not sought.

In opposing the proposed increase of battle cruisers Chairman Padgett of the naval committee insisted that the Republicans originally planned to demand five such craft and upon

learning that the majority report would recommend this number they decided to insist upon six. Closing of debate at that point prevented an answer from Representative Butler, who is in charge of the bill for the Republican side.

JUNIORS ACT HOSTS TO CLASS OF 1916

Features of Annual Commencement Banquet Are Addresses By the Students.

The annual Senior-Junior banquet of the Tulsa high school was held in Hotel Tulsa's banquet room Tuesday night. More than 150 members of the two classes attending.

Democratic to the extreme, with no show of formality, the young ladies wearing midday dresses and the young men simple business suits, it was one of the most successful commencement features in the history of the local school.

During the evening a number of interesting speeches were delivered, among them being an impressive farewell talk to the class to be graduated by Superintendent Oberholzer, the subject being "We Built the Ladder by Which We Rise."

During his address the speaker dwelt on the fact that within the grasp of each of those to be graduated was power to build a ladder, on a firm foundation which would rise day by day until the highest round had been attained.

Addresses Made.
Miss Martha Mowray was toastmistress and during the evening the following addresses were made: "The Tie That Binds," Lloyd Stone, president class of '17; "As to the Bow, the Cord Is," Mary Sills; "A Problem," Professor Katz; vocal solo, James Tuttle; "For Ever and Aye," Harold Orr, president class of '16; "Stitches and Cross Stitches," Miss Zoe Taber; "The Man on Third," Hugh Evans; "We Build the Ladder by Which We Rise," Superintendent Oberholzer.

The class day exercises will occur at the high school auditorium this afternoon and the commencement exercises Thursday.

POP-POP RIDERS THRILL CROWD

Cyclists From East and West Put Up Contest at Chicago Races.

CHICAGO, May 31.—Spectators at the old Hawthorne race track Tuesday were given plenty of excitement by the reckless riding of Roy Crevasse of Springfield, Mass., and Lorenzo Hoida of Phoenix, Ariz. The two were well in the lead in the final heat of the five-mile open race and ignoring caution in their efforts to gain the lead, they were hurled far across the track, but beyond cuts and bruises were unhurt. The machines were badly twisted and broken.

The ten-mile National Federated Association of Motorcyclists championship race was won by Glenn Kenner of Los Angeles.

The five-mile open was won by Kenneth Verill.

Joe Walters took the three-mile race.

THEY GREASED ROAD WITH COIN, HE SAYS

Affairs of Miners, Being Aired in Court, Brings More Counter-Charges.

KANSAS CITY, Mo., May 31.—Testimony bearing directly on the accusation of bribery alleged in the \$50,000 damage suit brought by Alexander Howat, president of the Kansas district United Mine Workers of America, against Charles S. Keith and other coal operators was introduced into the case in circuit court here Tuesday by William D. Ryan of Kansas City, former commissioner for the Southwestern Interstate Coal Operators' association and at present connected with the federal bureau of mines.

Ryan testified to having attended a meeting of operators here in April, 1912, at which he alleged Keith, former president of the operators' association, declared, "If we want to get the contract with the miners we will have to grease the way."

Has Argument.
"I demanded to know what he meant," testified Ryan. And he said the 1912 contracts cost the operators \$11,000 and the money was given Howat and another miner. I replied I didn't believe it as I knew both men and trusted their integrity. He said it would cost \$3,000 to put over the 1912 contract and asked the committee to vote him that amount.

"The money was voted," Ryan testified, and the money borrowed from a local bank. A note was introduced as evidence. Ryan testified the contract later was agreed upon and it virtually was the same as the 1912 contract.

E. R. Speed, secretary and vice-president of the operators' association, testified on cross-examination more fully concerning vouchers he signed.

GAVIRA READY FOR CONFAB ON BORDER

Leaves Gonzales in Charge of His Command While He Parleys With Pershing.

EL PASO, May 31.—General Gabriel Gavira, Carranza commander in northern Mexico, announced in Juarez today that he had arranged to have General Francisco Gonzales, commander at Villa Ahumada, 83 miles to the south, placed temporarily in charge at Juarez during his absence. General Gavira is expected to confer with General J. J. Pershing concerning the disposition of troops. General Gavira was making preparations to leave. He thinks he may go tomorrow, but has not definitely decided.

Announcement was also made that Jose Inez Salazar, who surrendered recently and received amnesty after his harmless life in prison, has been given transportation for himself and his family to Pachuca, state of Hidalgo, where he has obtained employment in a mine.

ARMED MEXICANS SEEN ON BORDER

Report Comes that 600 Marauders are Camped Just Across the Rio Grande River.

MARATHON, Texas, May 31.—Reports that six hundred armed Mexicans are encamped across the Rio Grande from Santa Elena, an isolated hamlet about eighty miles south of here, were brought here today by E. E. White, a resident of Marathon. Mr. White said that residents of Santa Elena told him camp fires had been seen on the Mexican side of the river for about a week.

Military authorities here could not confirm White's report, it being pointed out that there is no American patrol stationed at that point.

FOUND HEALTH IN CARDUI

Oklahoma Lady Says She Visited Four States Seeking Health, But Did Not Find It Until She Took Cardui

Henryetta, Okla.,—Mrs. Anna Hileman, of this place, says that she suffered for 8 years with headache, backache and other complaints caused by many troubles, and that she had been to Colorado, Dakota, Missouri, and Kansas seeking health and never found it until she took Cardui. She says she was given up and was confined to her bed for three months.

She further says: "We then moved here and after moving here, the druggist here in Henryetta, Okla., told my husband about Cardui and gave him a bottle. He read the testimonials and began taking it, and could see after I had taken the second bottle it was doing me good, and so I have kept it up. I would not do without it in the house. When a feel tired and nervous after doing a hard day's work it seems to rest me and make me feel fresh."

Today I am a well woman and I know that Cardui has cured me. I can do all my own work and washing and house cleaning now without ever giving out. I have several friends right here in town who have been unable to do their work for years but are now up, since taking a couple of bottles of Cardui. I weigh 145 pounds, and am always well. When I commenced taking it one year ago, I only weighed 100 pounds."

All druggists sell Cardui, the woman's tonic. Try it if you need a remedy of this kind. Get a bottle today.

Every Family Needs this Splendid Remedy

COMPOUND OF SIMPLE LAXATIVE HERBS RECOMMENDED FOR CONSTIPATION

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1859, its use being gradually extended until it is generally regarded by druggists as the staple family laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in effect. It costs only fifty cents a bottle and can be purchased in drug stores everywhere.

Mr. Frank Klima, of 2309 Ashland avenue, Baltimore, Md., wrote Dr. Caldwell recently that he had tried about everything without being helped until he got a bottle of Dr. Caldwell's Syrup Pepsin, which he considers the best known remedy for indigestion, constipation and stomach troubles.

Mr. Frank Klima, of 2309 Ashland avenue, Baltimore, Md., wrote Dr. Caldwell recently that he had tried about everything without being helped until he got a bottle of Dr. Caldwell's Syrup Pepsin, which he considers the best known remedy for indigestion, constipation and stomach troubles.

WOMEN WILL FIGHT BATTLE OF BALLOTS

Election of Officers for Federation of Clubs Will Come Off Today.

NEW YORK, May 31.—Delegates, alternates and visitors attending the thirteenth biennial convention of the General Federation of Women's Clubs will ballot for officers today. Mrs. Josiah Evans Cowles of Los Angeles and Mrs. Samuel R. Sneath of Tiffin, Ohio, were the only candidates nominated today for the presidency. The results are to be announced Thursday.

Four amendments to the by-laws were adopted today. They provide that clubs dropped from membership can be reinstated after the lapse of two years by payment of a membership fee of \$2.50; that the outgoing treasurer shall within one month of the close of the biennial session turn over to the new treasurer all money and documents in her possession with a sworn report; that the newly-elected members of the board of directors shall perform the duties assigned them by the officers of the board; and that the legitimate expenses of department and committee members in the service of the federation be paid.

At the conference of the public health committee this afternoon addresses were delivered by more than a dozen speakers of national prominence.

How to Settle Strife.

Mrs. J. Borden Harriman was the principal speaker at the conference of the legislative committee. She declared that strife between capital and labor will continue until their differences are disposed of by a permanent industrial commission.

Mrs. U. J. McMaister, president of the California club of San Francisco, advocated a resolution requesting congress to make kidnapping an extraditable offense. She cited the four-year fight she and her daughter, despite the fact that even justice courts have upheld her rights, Mrs. McMaister said. A petition was introduced asking the state department to take some action in the case.

TULSANS LEAVE TO HEAR BILLY SUNDAY

Special Train Picked Out Yesterday For Kansas City: To Invite Evangelist to Come Here.

The special train bearing the Tulsa delegation which left yesterday for Kansas City to hear Billy Sunday in his revival services which are creating a great deal of interest in that city, left on schedule time and shortly before noon the Tulsans arrived at their destination.

The Tulsa Chamber of Commerce and the Y. M. C. A.

The sale of tickets for the special excursion was not as large as had been hoped for, or anticipated, but those who made the trip were enthusiastic over the prospects of securing Billy Sunday to appear here, if but for a short period of a week or a few days.

It is not known when the major part of the excursionists will return, as some signified their intentions of staying in Kansas City for several days, one of the attractions being the address on Memorial day by Theodore Roosevelt.

FOUR INJURED.

CHICAGO, May 31.—Four persons were injured Tuesday and twenty-five thousand marchers in the Memorial day parade were delayed ten minutes when the horse of Captain McNeill, leading a company of the Illinois national guard, became unmanageable and dashed into the crowd of spectators.

TWAS A TALL STALL, BUT THE OFFICERS DIDN'T FALL

Tom Watts told the sergeant that he was innocent. Having finished his declaration he left the station.

For fifteen minutes thereafter he was the object of a chase, joined into by motorcycle officers, patrol drivers, firemen and citizens. Down side streets and through alleys, dodging and ducking he evaded the "law" until he attained to elude the officers and others by hiding in a lively stable several blocks from the police station. It was in one of the managers he was found by Officer Sichel.

He told the officer he just ran in for a stall and did not intend to do or have the course of justice. He will be tried this morning.

Suspected.

One day, among other questions, related another school teacher, I asked "Who wrote 'Hamlet'?" expecting some of the older pupils to answer, but all sat silent.

After a long pause little Johnnie, aged 7, held up his hand, and on being called on said: "I didn't."

That evening at a meeting of the township trustees to which I was invited I told of the incident, expecting a hearty laugh, but before the story could be appreciated one of the trustees, a shrewd business man with very little literary knowledge, burst forth with:

"The little rascal, I bet he did!"

MR. FRANK KLIMA

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and keep it in the house. A trial bottle, free of charge, can be obtained by writing to Dr. W. D. Caldwell, 454 Washington street, Monticello, Ill.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."

Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely.

It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

IS CONTRIBUTORY NEGLIGENCE

Supreme Court Recommends Safety First.

The Kentucky supreme court has delivered itself of a weighty decision to the effect that it is contributory negligence to walk behind a mule. It is an opinion with which the popular verdict is not likely to quarrel. Long and faithful service in the regular army, along the banks of the Erie and other canals, on the plantations of the south, in municipal excavation and in railroad construction, has established the fame of the mule as a reactionary beyond the power of the law to confirm or to destroy it.

"If ye find that the bullock can toss you, or the heavy-browed Sambar can gore," we knew it ten seasons before.

The rattlesnake has his rattles, the leopard has his spots, the porcupine his quills and the mule has his heels by natural inheritance. If you do not want to get hurt keep out of range. Some people are "sod" in this way—the mule kicks in his heels. It is his dogged tenacity that makes him valuable. He sticks to his job till he gets there. Though not tractable, his tractive power rivals that of the elephant. No animal in the service of man is more reviled, yet none is more useful in a pinch or more enduring. His long ears have waved defiance to a wide variety of lurid and blistering language, but his character is unaltered, and it must be admitted that in quick effective repartee the mule has the power to launch an unanswerable argument when the lord of creation gets in the way of his heels.—Public Ledger.

Crack.

A young man who has theatrical aspirations loves to boast of his connections with the stage business.

In company with some traveling performers in the lounge of a hotel, not long since, the young man carefully observed:

"Oh, yes, I took a show out once."

But the wind was knocked out of his sails when one of the actors asked him:

"Who brought it back?"

Possible Enjoyment.

"Bliggins is trying to be an optimist."

"The last time I saw him he thought everything was going to smash."

"He thinks so yet. But he's getting into a frame of mind that makes him suspect that maybe he'll enjoy seeing it happen!"—Washington Star.
